

## THE JUDGMENT

Ladies and Gentlemen, my Friends,

I 'am speaking to you today because before getting "L'Invitation au Festin" and knowing the Logos, men must stand judgment, the judgment of Father for Christians, of Elijah for Jews, of Allah for Muslims.

If this judgment is an act of love and mercy, it remains that our own fate is engaged.

I hereby call:

By the grace of providence which leads my steps and the blessing of Melchizedek who raises me to stretch the specter of justice today.

By the spirit of religious, Jewish, Christian, Muslim and others who opened the way of this judgment by drawing the path that I follow.

In the name of past generation whose sacrificed themselves for this day to come, in the name of future generations whose life depends on us.

I SAURAT André-Pierre believe to act in all legitimacy and exercise my right by delivering the following judgment:

Whereas since 14 years, I make known the message of "L'Invitation au Festin" and its Logos to your rabbis, priests, pastors, Imams, monks and scholars

That to accomplish his work, this invitation must be known and accepted by the greatest number of people.

That this Logos forms a wall against the evil strengths that want to destroy men in this world and in the other.

That those who will jeopardize this world with their neglect will also jeopardize the other world.

That you have all necessary means to make known this message and that you can take action to publish what amuses you.

Whereas this judgment is an act of love and mercy which thanks to the blood of the Lamb Jesus Christ raises men to the rank of friends and builders of the kingdom of God.

That by the grace of this blood, the original exterminating judgment has been commuted into a judgment of loyalty and devotion.

For these reasons, on this day April, 8th, 2018, we are sentenced to:

- Build the third Temple of Jerusalem
- Build the kingdom of the Logos on this earth.
- Build the doctrine of "L'Invitation au Festin" to reveal its meaning.

You have seven weeks to accept this judgment and make known your intention. If on the first day of the eighth week you have done nothing then the protective mantle of the providence will be removed and your leaders, managers, and public men will be ignored on the day of the resurrection.

God bless you.
